

# Grace Christian School

## Community Service Record

**Students:** Each unique community service project requires a separate form be submitted. If you will be performing the same project several times, you may submit one form with multiple dates and times clearly documented.

You are responsible for turning in the **completed** form to the main office after performing the community service. Only forms with all requested information completed will be accepted.

**Parents:** You remain responsible for the liability and well-being of your children while they perform community service hours outside of school hours or pre-arranged school activities.
